**Nota Bene:** The protocols are working guidelines that AEPROMO puts at the disposition of all its members, expecting that they will be references in the daily medical work whenever ozone therapy is used on patients.

It shall correspond to the health professional (physician, dentist, veterinarian, podiatrist in the areas for which their profession and current legislation allows it) to whom compete, with their studies, knowledge and experience to assume professionally how to apply ozone therapy to their patients. Although these protocols are referents and guidelines for its members AEPROMO invites them to base their daily practice on these protocols.

The protocols are based on the Madrid Declaration Ozone Therapy, ISCO3, 2nd. ed., 2015, 50 pages.
